

SUGGESTED WORDING FOR YOUR RNA FOUNDATION BEQUEST

The following bequest wording can assist your legal adviser to include the RNA Foundation Public Ancillary Fund (RNAF) in your will.

Please consider giving the RNAF the freedom to direct your gift to the area of greatest need.

Please see suggested wording as follows:

I give, devise and bequeath to RNA Foundation Ltd ACN 613 716 564 as trustee for the RNA Foundation Public Ancillary Fund (RNAF) to be applied for...

Insert either:

- “its general charitable purposes”; or
- one of the specific pillars of the RNAF’s charitable purposes for which you would like the gift to be used, i.e. “its charitable purposes connected with [insert one or more of “education”, “agriculture” or “heritage”]”,

Then insert details of the gift as:

- the residuary estate; or
- the percentage of the estate; or
- particulars of the specific item or asset being given; or
- the sum of money being given.

In relation to that gift, I declare that a general charitable intent applies and a receipt signed by a director, secretary or person authorised by the board of RNA Foundation Limited will constitute a full and sufficient discharge to my executors and my executors are not obliged to see or enquire into the application of the gift.

Thank you and we encourage you to contact us once a bequest has been made to ensure we can appropriately understand your wishes and acknowledge your gift.

Don Chandler
Chair
RNA Foundation Limited
